

INSPIRATIONAL GIVING

BACK TO SCHOOL

Every student is important.

Ideas that support teaching and learning should be embraced, encouraged, and FUNDED.

Parent involvement in the educational process is essential.

Community involvement in the educational process is essential.

Student achievement creates successful citizens and community leaders.

OUR CORE VALUES

THANK YOU FOR MAKING AN IMPACT! What our teachers have to say about your generosity...

*"The generous donors to WTEF probably don't understand how much their contribution means to us. WTEF has made it clear, time and time again, that **not only are we supported and heard, but there are people eager to help.** We cannot thank them enough nor can the growing minds of our students."*

*"This program has completely changed the dynamics of independent learning. **It has inspired the children to guide their own learning** and seek additional information to transfer understanding."*

*"WTEF is a **game changer** in my classroom. The support they provide allows me to add to our curriculum in ways that engage our students and takes their learning to a higher level."*

*"WTEF took a chance on a technology that was not proven. **Their belief in my vision has made a difference.** When you see a student reach out to touch a shark on the Great Barrier Reef and when they can tell you about the intricate details of that lesson five months later, you know you've impacted that student and influenced their learning."*

Inspirational Giving... Thank you Sponsors

Thank you to Coffman Wealth Management for sponsoring this year's New Teacher Welcome Tote to get our new teachers off and running!

And, a special thank you to the Indianapolis Airport for designating proceeds from their annual golf outing to both the Wayne Township and Decatur Township Education Foundations.

Last year we funded 200+ programs that bring the curriculum to life.

"Funding innovative teachers that bring the curriculum to life" has never been more true than in 2018-19. 2018-19 was unprecedented for program funding in our classrooms. Unfortunately we were not able to fund all the programs that needed support. We hope you will help as we kick off the 2019-20 year. (see article below *You Can Make a Difference in a Classroom*)

Resources in Wayne Classrooms

With sponsorship from American College of Education, Teachers Credit Union, and a grant from the WTEF Superintendent's Fund, 300 teachers received half-price memberships to Teachers' Treasures. On average, teachers spend \$800-\$1200 per year on school supplies for their students. These memberships will allow teacher members to visit once a month to obtain school supplies for their classrooms.

Thank you sponsors American College of Education and TCU for helping our teachers access resources through Teachers' Treasures.
